ADNA has advised CDG Invest (212 Founders), venture capital arm of the CDG Group, on the sale of its shares in Moroccan e-logistics leader Cathedis to Ora Technologies and Azur Innovation Management. CDG Invest's early investment helped Cathedis scale its operations, expand its network, and strengthen Morocco's digital delivery ecosystem. This transaction reflects the energy and ambition driving Morocco's startup scene—and the collective effort shaping Africa's innovation story.

Partner Safia Fassi-Fihri led the transaction, assisted by associate Dina Benjelloun.
