This strategic EUR 32.6m investment will support the construction of a 21,000 m2 complex integrating retail, office, and serviced residential spaces in response to Abidjan's growing demand for modern and sustainable infrastructure while also reinforcing the city as a hub for hospitality and business tourism in Côte d'Ivoire and across West Africa.

The team was led by partner Sydney Domoraud and counsel Ghita Bennis, assisted by associates Salimata Sow, Sékou Bah and Sigismond Konan. Hogan Lovells advised as international counsel.
