We are proud to be recognized once again at the [IFLR](#) Africa Awards, reinforcing our leadership in Francophone Africa and our expertise across key sectors. This year's nominations reflect not only the strength of our teams but also the trust of our clients who drive us to excel.

A special mention to our Managing Partner, [Salimatou Diallo](#), who has been recognized in the [IFLR](#) Women Dealmakers Hall of Fame—a well-deserved acknowledgment for her outstanding contributions to the legal profession and her leadership in the African legal market. A huge thank you to our clients, partners, and teams for making this possible.
