We are proud of our hat-trick at the 2025 IFLR Africa Awards, a celebration of the most innovative and impactful legal work across the region. This recognition is a testament to both the trust our clients place in us and also the dedication of our team.

This is a shared success - thank you to our clients for letting us be part of your journey, and thank you to our team for helping us collectively achieve these milestones as a still relatively new firm – even we forget sometimes that ADNA was only founded 4 years ago.

The graphic features a dark red background with the ADNA logo (ALN) on the left and the IFLR Africa Awards 2025 logo on the right. The text reads: 'IFLR Africa Awards 2025', 'ADNA wins in 3 categories', 'Francophone Regional Firm', 'Deal of the year' (with subtext 'M&A AngloGold Ashanti Centamin'), and 'National law firm of the year' (with subtext 'Algeria'). At the bottom, there are three decorative circular patterns in blue, orange, and white, and the website address 'www.adnalaw.com' is displayed.
