

Webinar Highlighting Côte D'ivoire As A Key Destination For Portuguese Investments

Posted on March 16, 2023

Category: [Webinar](#)

March 16th, 2023: In partnership with JPAB - José Pedro Aguiar-Branco Advogados, The AEP - Portuguese Business Association organized a webinar highlighting Côte d'Ivoire as a key destination for Portuguese investments.

[ADNA](#) was chosen as the preferred partner firm in Côte d'Ivoire for the event. After the presentation of the business climate and robust economic performance of Côte d'Ivoire, [Sydney DOMORAUD OPERI](#), our Managing Partner of the Abidjan office, presented the administrative contracts used in the context of major infrastructure projects ([#PPP](#) contract and public procurement).

Several other topics were discussed: [#Project](#) Financing, [FIDIC - International Federation of Consulting Engineers](#) construction contracts, presentation of the [CNP-PPP \(Comité National de Pilotage des Partenariats Public-Privé\)](#), etc.

We are delighted with this initiative, which contributes to the strengthening of business relations between [#Portugal](#) and French-speaking [#Africa](#).

[ADNA](#) is honored to be able to support the AEP and Portuguese companies in their projects in Côte d'Ivoire, and more generally in French-speaking Africa.

We warmly thank the AEP and our fellow colleagues from [JPAB - José Pedro Aguiar-Branco Advogados](#) (Patricia Rosario)
